AN OCEAN HORROR.

The British Gun-Boat Wasp Strikes a Rock and Sinks Off the Coast of Ireland.

Out of Fifty-Eight Souls on Board Only Six Are Saved—All the Officers Drowned.

Gordon Preparing to Meet Wolsley—Progress of the Cholera—The Spanish-American Treaty.

Other Foreign Matters.

RAN ON THE ROCKS.

LONDON, Sept. 24.—The Wasp, a British gunboat, carrying four guns and having a registered tonnage of 465 tons, and belonging to the Navy Coast-Defense Service, was wrecked off Tory Island, County Donegal, on the northwest coast of Ireland, yesterday. Fifty-two men, including all the officers, were drowned. Six only were saved. The catastrophe happened during a squall, and while the coast of the island was completely hidden from view by an intensely thick fog. On the rocky coast where the disaster occurred it was impossible to use small boats in an attempt to rescue the ship's crew. The Government has ordered an investigation. The survivors when rescued were terribly exhausted. They were taken to the light-house, where they still remain. The sea between the light-house and the mainland is very rough, and communication with the former is almost impossible.

CAIRO, Sept. 24.—General Lord Wolsley will start up the Nile on Saturday without awaiting the further arrivals of troops. Merchants from El Obeld report that the Mahdi has twenty Krupp cannon, and 10,000 of his 25,000 followers are armed with Remington rifles.

The Black Watch (Forty-second Highlanders) has started for the front. A messenger at Antibul states that plentiful supplies of provisions are arriving at Khartoum. General Gordon has sent four steamers with troops to relieve the garrison at Senaar, and upon their return will dispatch a force to Berber to meet General Wolsley. The Russian agent here has received orders to unite with the German and Austrian and French consuls, in the protest to Nubar Pasha, the Egyptian minister, against the suspension of the sinking-fund. The Italian consul is also expected to sign the protest.

BERLIN, Sept. 24.—The National Gazette expresses the belief that Germany, Austria and Russia will support any step taken by France in regard to the Egyptian financial question.

LONDON, Sept. 24.—A Shanghai dispatch to the Times says that the Franco-Russian alliance means the disintegration of China and its partition between those two countries. France taking three southern provinces and Russia, having the rest. The alliance also means a Franco-Russian preponderance in Europe, and therefore fraught with danger to Germany. It also means the extinction of the China trade, and imperils all English possessions in the East.

PARIS, Sept. 24.—It is reported that 4,500 French troops are sick in Tonquin. The Chinese have spread over the northern portion of the Province of Quong-Yen and are levying contributions from the inhabitants.

WASHINGTON, Sept. 24.—The Japanese Government having established a quarantine against New Chong, Amoy, and other cities on the Chinese coast where cholera is reported to be raging, it is contemplated to have a United States sanitary office stationed at Yokohama to inspect vessels bound for the United States.

TOULON, Sept. 24.—Two workmen died here of cholera yesterday.

PARIS, Sept. 24.—Eight deaths by cholera were reported yesterday from different places in the south of France; five deaths have occurred at Marseilles.

ROME, Sept. 24.—The reports from different parts of Italy for the past twenty-four hours give a total of 435 fresh cases and 285 deaths. Naples continues to be the center most seriously afflicted. There were 251 fresh cases and 152 deaths there.

PARIS, September 24.—It is announced that England will join the International Commission on the Metric System of Weights and Measures. This action is attributed to her desire to promote the chance of the adoption of the metric of Greenwich, by the approaching International Meridian Congress at Washington.

LONDON, Sept. 24.—Henry F. Gillig, of the American Exchange, gave a banquet last evening to the Lord Mayor of London. Among those present were ex-Senator Ferry, of California; Lord Danferris, and Ed. Balfour, prominent business men. During the evening English and American artists were performed by Miss Nettie Carpenter, violinist.

MADRID, Sept. 24.—After a prolonged discussion the "favored nation" clause in the commercial treaty between America and Spain has reached the question of tariffs. Notwithstanding the general impression that this point would lead to a serious difficulty in its adjustment, there are now strong hopes that a favorable result will be reached.

Episcopal Colony to Settle in New Mexico.

KANSAS CITY, Mo., Sept. 24.—The Department of Immigration of the Santa Fe Railway Company has transferred to New York parties 90,000 acres of land, a portion of which is under cultivation, in Mora County, N. M. The grant is near Las Vegas Springs and is situated in a beautiful mountain park. The purpose is to form an Episcopal colony of Eastern people, in connection with which an educational institution is to be established.

Violent Storm in Iowa.

DUNQUEN, Ia., Sept. 24.—A terrific rain and wind-storm visited this section Monday night. Two hundred feet of the Illinois Central west of here was washed out. A hog pen near Farley was struck by lightning and forty-five hogs killed. Half the size of hickory nuts fell and did much damage to corn stacks. Oaks were scattered in all directions, and fences and trees blown down.

Excited Over the Importation of Laborers.

WASHINGTON, Sept. 24.—The white and colored laborers of this city are greatly excited over the news that the sewer contractors have brought from New York five hundred Italian, German and Swiss excavators, who will work for seventy-five cents per day.

The Cabinet Vacancy.

WASHINGTON, Sept. 24.—A Secretary of the Treasury must to-day be appointed by President Arthur. The prediction is entered that George S. Boutwell will be called again to the post.

RAILWAY WRECKS.

Many Passengers Narrowly Escape Collision in a Smash-Up on the Chicago & Alton Railroad—Several Persons Injured—A Disaster in Vermont.

St. Louis, Sept. 24.—Between one and two o'clock yesterday morning a terrible accident occurred on the Chicago & Alton Railroad at the foot of a steep grade between Pontiac and New Lexington. The regular night express, which leaves Chicago at 9:05, was coming down the steep incline when the piston-rod of the engine broke, necessitating a stop at the foot of the grade. The trainmen got out to fix the damaged rod and orders were given to flag the freight which was coming up behind. It was too late. The freight train came thundering down, crushing into the rear sleeper filled with passengers. The last sleeper was thrown on its side by the freight engine, which plowed in under it, and was then covered by four freight cars, which came piling up one after another. The passengers were seated in their cars were thrown violently forward by the jar, and many were seriously bruised by the shock. None was so badly hurt as to prevent his departure from the car. The rain poured down in torrents, and the wreck at the rear of the train was concealed from view for a few moments until a bright glare broke from the freight cars, where some oil had taken fire. The last sleeper was then found to be crushed up against the forward one, while exit from the rear was cut off by the pile-up of freight cars. The fire was gaining steadily, and unless rescued from their perilous position the passengers in the rear coach would shortly have perished. From the forward coaches axes were procured, and a narrow hole was chopped in the forward part of the roof and side of the car. Out of this aperture the imprisoned passengers were rescued. Following is a list of the wounded:

J. G. Bennett, St. Louis; Mrs. Lizzet and child, St. Louis; J. S. Zouhary, Birmingham; Ohio Telegraph Company; Conductor Grandson, Pullman car; Robert Jacobson, priest; J. H. Frohman, Camden, Ark.; J. G. Gilford, brakeman, and others.

BRATTLEBORO, Vt., Sept. 24.—While the downward mixed train on the Brattleboro & Whitehall Railroad ran here at 4:30 p. m. yesterday, was just southwest of the river bridge, a West Dunsmuir freight car left the track, dragging with it four other cars, including the passenger coach, which were propelled down a twelve-foot embankment. George F. Richmond was fatally injured, and his wife and daughter and twenty others received more or less serious wounds.

THE CHINESE.

A New Interpretation of the Act Regulating Their Entry Into the United States.

SAN FRANCISCO, Cal., Sept. 24.—Justice Field, hearing Chinese habeas corpus cases yesterday, ruled that a wife could not enter on her husband's certificate. A new and extraordinary feature relating to the Chinese of the exempt class under the amended Chinese Restriction act has been developed. Collector of Port Sear has had, and his Deputy Collector Jerome, that Chinese merchants resident in the United States, who purpose visiting any foreign country, must first go to China and procure a certificate from the Chinese Government or they will not be permitted to re-enter the United States. Thus, a Chinese merchant, who wanted to go to British Columbia to see about the business of his branch house would first have to go to China to procure a certificate from the Chinese Government before he would be permitted to come back home to San Francisco, and, as the certificate would be taken upon his landing, he would have to repeat his trip to China every time he had occasion to visit any point on the coast outside the United States territory.

Fatal Results of a Fire.

EAU CLAIRE, Wis., Sept. 24.—Last evening at seven o'clock a fire broke out in the small brick building in the rear of Cass & Tracy's drug store. The building was used as a receptacle for starting powder, gasoline and other explosives. While Andrew Tracy, junior proprietor of the store, and Charles L. Sullivan, a young attorney in Hon. L. M. Vilas' office, and who had just been to the store to get a book, and a lantern, were trying to close the door of the magazine from the outside, hoping to confine the fire to narrow limits, an explosion occurred inside, throwing the walls outward. Sullivan was killed instantly. Tracy was covered to the chest, and was extricated in a few moments. His right leg is broken below the knee, two of his ribs are broken, and he has suffered dangerous internal injuries. Charles Davidson, John Baumgardner and Ed. Battelli were burned about the hands and face. The fire did no further damage.

St. John's Plans and Hopes.

TOPEKA, Kan., Sept. 24.—J. P. St. John, the prohibition Presidential candidate, was here yesterday. It was decided to put up another candidate in the place of A. T. Johnson, who was nominated but who declined, but no one was finally selected. St. John leaves hence for the East. He will speak in Ohio, New York, Pennsylvania, Indiana and Illinois until October 24, then return to Kansas. The Governor says he will receive more votes in Western New York and portions of Ohio than either Blaine or Cleveland. He feels confident that his vote throughout the country will reach 1,000,000.

A Foster Mail to the East.

CHICAGO, Sept. 24.—The first of this month the American Express Company began running a special train between this city and New York City over the Michigan Central and New York Central Railroads. The post-office authorities have arranged with the express company to attach a postal car to this train. The new arrangement will give the people of Chicago and points west two or half hour's additional time in which to post letters for New York and New England.

Thousands Starving on the Labrador Coast.

St. Johns, N. F., Sept. 24.—The following vessels were lost on the Labrador coast during the recent easterly gales: The Cornelia, Mayflower, Annie, Alice, Osprey and Jessie. In the White Bay district three thousand persons are starving. Commander French of the war ship, Gladiolus, and passing vessels have rendered temporary assistance. Commander French has forwarded a strong appeal for aid to the Newfoundland Government.

An Ohio Bank Fails.

West Liberty, O., Sept. 24.—The Logan National Bank was closed Monday. It was caused by the cashier having nearly all the available funds to one firm. The bank had a capital of only \$50,000. It is said the loan is well secured, and the depositors will not lose.

SHAKESPEARE SAYS:

"Therefore the moon, the governess of floods,
Pale in her anger, washes all the fairs,
That rheumatic diseases may abound."

Whether the "pale moon" has increased the size of her wash as the world has increased in population may be a question, but it is a fact beyond question that Rheumatism has increased until it does "abound" in "all the fairs," and thousands of human beings are bound and tormented with the excruciating pains that only Rheumatism and Neuralgia can inflict.

ATHLOPHOROS

is the ONLY conqueror of these terrible diseases, as hundreds gladly testify.

Mr. O. Thornton, C. R. J. & P. R. R. Machine Shop, Summit, Iowa, writes:
"Athlophoros greatly relieved me of distressing Rheumatism, and I willingly recommend it as a remedy that will cure Rheumatism. I was confined to my bed, and after using one bottle was able to go to work."

Even if so strange that at first you may hardly believe it, it is true that "ATHLOPHOROS" will do for you just what it has done for others.

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed.

Blaine is coming to Ohio to "cast
an anchor to windward."FERDINAND WARD, Grant's late
partner, a great admirer of Blaine
has not yet called on him, "for obvi-
ous reasons."THE State Register advises its read-
ers not to let the lies which Blaine
tells about his various marriage
draw their attention from the
Malligan letters.At last we have got the republican
leaders on the defensive. We have
got them in a corner, and they are
fighting with all the desperation of
cornered rats. Look how they are
speaking!—(Quincy Journal)Blaine will extend his trip of tra-
vel into Ohio and Indiana. Why
cannot our friends in those States
write him, they should not forget
the precaution, "burn this!"In transferring his case from the
courts to the newspapers, where he
can play his own case, we don't think
that Mr. Blaine has helped himself
at all. He might better have left his
case to defend him—(Quincy Journal)An exchange anonymous that if it
would turn out that Blaine was
Mormon, all the republican papers
and politicians would be swearing
that Mormonism was the only true
religion, and the republican would be
avid for the repeal of the Edmunds
bill.INDIANAPOLIS Sentinel: There were
twelve of Harriet Stowood at
the Kentucky school. Is it likely
that one and not the other would
have been invited to the private mar-
riage? The one Blaine names as
having been present is just the wife
Blaine prefers just now. She is
dead.JAY Gould thinks the country is
perilous; business everywhere im-
proving, and that it would be disas-
trous to elect a democratic president.
Mr. Gould evidently has not heard
of the number of laboring men out of
employment, and of the great reduc-
tion in wages. But this is probab-
ly what he wants.Now that Mr. Blaine, in his sworn
answer to Mr. Shoemaker's inter-
rogatories in the Indiana case, has
admitted his marriage in
Pittsburg in March, 1871, how many
those republican editors and politi-
cians feel who so positively declared
asserted, and even swore, that Mr.
Blaine married in the Iron City at
that time was not James G., but an
other man of the same name?JAMES D. WARREN, editor of the
Buffalo Commercial, has been elected
as chief director of the Blaine exhibi-
tion as it passes through New York.
On the 14th of May last, the Com-
mercial said of Mr. Blaine: "During
his brief career as Secretary of State
the business men found out that
Blaine is precisely the kind of man
that they do not want to see at the
head of the Administration. He re-
mained just long enough to show
that if he had the power he could and
would make an infinite amount of
trouble. Years have passed since he
walked out of that office, and from
facts revealed it has been discovered
that Blaine was the evil genius of the
Garfield Administration. He wouldsurely have brought it into difficul-
ties and possible disgrace. Outside
of a ring of politicians who have
found in Blaine a bold factional
leader, ready for a raid where spoils
were to be found, there was no regret
expressed, nor was there any felt,
when his name was stricken from the
list of Cabinet officers. The man at
that time was tested and found want-
ing. We do not turn over the defiled
pages of his record as a member of
the national legislature. The busi-
ness men know how much there was
in his career then to mark him as a
man impulsive, dangerous and unre-
liable. We are referring now to the
opportunity he had to show what
ability or integrity he had for an im-
portant position in federal adminis-
trative functions and how far he
came from reaching the mark which
even those who had expected least of
him thought he might attain."

MACHINERY AND MEN.

A great poet has said, "Ill fares the
land where wealth accumulates and
men decay," while Emerson remarks
that "Cordage and machinery can
never supply the place of life." No
doubt machinery can make cotton
and woolen cloth faster than men
could make it; but unfortunately we
have no machinery for making good
citizens out of men who have been
thrown out of work by machinery.
Unfortunately, too, we have as yet
devised no way for disposing of the
products of machinery. The people
having no work cannot purchase cot-
ton or woolen goods, carpets, furni-
ture nor lumber to build homes, and
capitalists find that cards and looms
and engines do not wear clothes, that
planers, shapers and turning lathes
do not sit in cane-bottom chairs, nor
sleep on walnut bed-stands. Machi-
nery produces but does not consume,
hence the capitalist finds that though
he owns his labor in the form of
machinery, and can produce com-
modities very cheap, the masses to
whom he looked for consumers, being
deprived of labor, cannot purchase
his commodities at any price. Hence
a glutted market, no demand for any-
thing even at prices less than cost of
production; accompanied by intense
poverty and destitution. "Too many
chairs, too much furniture," says the
Furniture Combinations, and the fac-
tories are closed for several months in
the year; while thousands sit upon
tobacco, eat from off rough boards,
sleep on the floor, all because there
is too much furniture. Furniture is
down and the people having no work
cannot buy at any price. If the
manufacturer could sell his furniture
to his jig-saw and planer, and
cog-wheel and grove machine, he would
be fixed, even though the masses did
sleep on the floor. Or if he employed
men instead of machines, though he
might produce fewer pieces, yet if all
were employed all would sit upon
chairs, eat from off tables, sleep upon
beds, and he would have to run his
shop twelve months in the year to
supply the demand. A writer in a
recent number of the North American
Review in estimating "Working-
men's Grievances," says: "The main
effort of our industrial life has been
to devise means to 'save labor,' i. e.,
to get rid of the labor of man, not to
lighten it; and to-day labor sav-
ing machinery has increased man's
power of production, in many direc-
tions, more than a hundred fold—in
the aggregate at least twenty-fold."
"What has been the effect? Has the
employment of machinery correspond-
ingly benefited the great mass
of society; has the condition of the
laboring men and women of the
country been made twenty times bet-
ter; or has it been the means of
plundering and oppressing them un-
til they have reached a depth of mi-
sery that should make the sun blush
to look upon it?" In agriculture this
writer shows that the effect of ma-
chinery increases the size of farms
and decreases the number of men
employed. He says: "For the last
decade the increase in the number
of farms in this country was 1,345,922;
of this number 1,024,701 were tenant
farms, and 84,957 were bonanza farms
ranging from 500 to 500,000 or more
acres each. The increase of inde-
pendent homestead holdings during
the same period was only 219,264, an
increase of five farm holdings owned
by capitalists and speculators, as
against one owned by practical farm-
ers who make their farms the homes
of their households. But bonanza
farms are in no sense homes for any
one; they are worked solely by im-
mense force and machinery; and it is
only by the power of machinery that
they have been made possible." As
a result thousands have been driven
from the farms to town and cities,
where thousands are found living in
enforced idleness, and swarming in
wretched tenements. Fully three-
fourths of the population of the city
of New York are living in from one
to three small rooms to a family.
There are blocks upon blocks in that
city where people are packed at the
rate of 466,000 to the square mile.
Whilst the extreme density of NewYork rises to 760 per acre, in London
it stops at 222. The Board of Health
in 1883 reported 25,946 distinctive
tenement houses occupied by 907,000
souls. The average annual death-
rate for the city is thirty one in every
thousand. The death-rate in various
wards ranges for fifty-seven per
thousand in the Fifteenth. North
of the Fifteenth ward, to and about
Central Park, where tenement houses
and want are unknown, where space,
air and comfort are provided for all,
the death-rate is twelve per thou-
sand. Therefore it is fair to assume
that twelve per thousand is the death-
rate of comfort while all above that
is the mortality of destitution. This
gives 22,925 as the number yearly de-
stroyed by want in one city; this
number, sacrificed to Moloch, are as
clearly the victims of the war that
wealth wages against society, as are
the slain found upon the battle field
victims of a conflict of arms. The
results of the employment of ma-
chinery in agriculture are repeated
in every industry that requires force.
In every handicraft machinery takes
the place of muscle; and concentrated
capital is still pressing forward to
occupy those portions of the country
that it has not yet possessed. Under
the stimulus of competition, mills,
factories, furnaces, forges, and shops
have multiplied and increased in ca-
pacity far beyond the ability of the
people to consume the product; and to-
day we find fully half of our great
workshops either idle or running on
short time, while the markets are
glutted with produce. During the
past year 10,000 commercial failures
were reported in the United States."To-day throughout our whole
land are companies of homeless wan-
derers, that can be numbered only by
hundreds of thousands, if not by mil-
lions, vainly seek for work, begging
or stealing their subsistence where-
ever they can find it, and rapidly
sinking to the condition of the most
savage vagabondage and crime. Among
those who are now doing the work
of the country, assured and constant
employment is the exception, whilst
uncertain and inconsistent work is the
rule. Wages and salaries are declin-
ing, whilst the number of the unem-
ployed becomes greater. Want and
misery crowd upon all sides. Nightly,
the police stations in our cities are
filled to overflowing with the des-
titute. Thus, after fifty years of
tremendous effort to substitute
machinery for muscle—to render man
idle—we have reached this terrible
condition; and this, in a country, out-
possessed of enormous wealth and
unscrupulous in action, has been cre-
ated, who have seized and who hold all
the natural resources of the country.
Not only do they hold for speculation
and plunder our national domain,
swallowing up and destroying the
small proprietors and covering the
land with tenant and bonanza farms,
but they destroy our forests, drain
our oil-lands, and monopolize the
coal of our mines. They control all
the highways and means of travel
and transportation; all means of
communication, whether of business
or pleasure, with the single excep-
tion of the postoffice, and even the
mails cannot be carried except by the
favor of our plutocratic highway-
men. For the first time in man's ex-
istence has the condition been reached
when individual industries could
not be sustained because of the com-
binations of capital and monopoly
that are everywhere encountered.
They have seized and they control all
the machinery, material and
products of industry." "Nowhere
within the present area of civilization,
during the last thousand years, has
the track of an army of invasion or
the progress of conquest been marked
by such complete and systematic
spoliation of the masses of the people,
and monopolization of all the re-
sources of life, as has signaled the
pillage of the people of the United
States by capitalists, land robbers,
monopolists and plunderers of every
name and nature. In comparison
with this plutocratic class, our petty
thieves, robbers, and murderers are
harmless. The latter class spends its
force in stealing a loaf of bread, ro-
bbing an occasional traveler, or cutting
an individual throat. But the plu-
tocratic class systematically steals
the subsistence alike of strong men
and weak women and children. They
rob and starve communities; they
kill and destroy nations. The sta-
tutes of every state in the Union, as
well as of the general government
are burdened with provisions for the
building up and protection of prop-
erty, of capital, of monopoly, of spe-
culation and of trade. But in the pon-
derous tomes there is not one word
guaranteeing the rights of the labor-
er to all the fruits of his toil, and
protecting that right from the en-
croachments and robberies of tyran-
ny's capital. To-day labor has no
rights that capital is bound to re-
spect." The writer makes quite a
number of points in the article refer-
red to which may be found in N. A.
Review for May. It will repay a
careful perusal.

AYER'S
Hair Vigor

restores, with the gloss and freshness of

youth, faded or gray hair to a natural, rich

brown color, or deep black, as may be desired.

By its use light or red hair may be darkened,

thin hair thickened, and baldness cured,

though not always cured.

It cures itching humors, and stimu-
lates a weak and sickly growth to vigor. It
prevents and cures scurf and dandruff, and
keeps the hair soft, glossy, and
healthy. It is a perfect hair dressing, and
imparts a delicate, agreeable, and lasting perfume.Mr. C. P. BUCHER writes from Kirby, O.,
July 3, 1882: "Last fall my hair commenced
falling out, and in a short time I became
nearly bald. I used Ayer's Hair Vigor,
and in a few weeks my hair began to grow
again. I have now a full head of hair growing
vigorously, and am convinced that but for the
use of your preparation I should have been
entirely bald."J. W. BOWEN, proprietor of the McArthur
(Ohio) Enquirer, says: "Ayer's Hair Vigor
is a most excellent preparation for the hair.
I speak of it from my own experience. Its
use promotes the growth of new hair, and
keeps the hair soft, glossy, and healthy. It is
a perfect hair dressing, and imparts a delicate,
agreeable, and lasting perfume."Mr. ANGUS FAIRBANKS, leader of the
celebrated "Fairbanks Family" of Scottish
musicians, writes from Boston, Mass., Feb. 6,
1880: "Ever since my hair began to give all
evidence of the change which befalls the
hair with age, I have used Ayer's Hair
Vigor, and so have been able to maintain
an appearance of youthfulness—a matter of
considerable consequence to musicians, or-
chestra, actors, and in fact every one who lives
in the eyes of the public."Miss O. A. PRESTON writes from 18 Elm
St., Charleston, Mass., April 14, 1883, says:
"Two years ago about two-thirds of my hair
came off. I have used Ayer's Hair Vigor,
and in a few weeks my hair began to grow
again. I have now a full head of hair growing
vigorously, and am convinced that but for the
use of your preparation I should have been
entirely bald."We have hundreds of similar testimonials
to the efficacy of AYER'S HAIR VIGOR. It
needs but a trial to convince the most skepti-
cal of its value.

The cold water saints will meet at the court house to-night and be entertained by speeches from Elder Tyler, Lawyer Malone, D. Dawson and others. They are bubbling over with St. John and Daniel enthusiasm. All are invited.

Night Policeman Woodbridge and Officer Abbott discovered a fire in the third story of Ferguson & Dillehunt's hardware store this morning at half past two. It was a brand of charcoal and was extinguished before any damage was done.

The tenacity with which people abide by their early faith in Ayer's Sarsaparilla can only be explained by the fact that it is the best blood medicine ever used, and is not approached in excellence by any new candidate for public favor. d&wtf

When symptoms of malaria appear in any form, take Ayer's Ague Cure at once, to prevent the development of disease, and continue until health is restored, as it surely will be by the use of this remedy. A cure is warranted in every instance. d&wtf

Mr. George Blakeney, an employee at the Decatur Tile works, fell from the top of a kiln on Monday, receiving rather severe injuries. His left leg and other portions of his anatomy considerably bruised and contused.

Marriage licenses were issued yesterday to Clayton R. Markley and Miss Ella M. Wheeler, both of Long Creek township; Thomas Rhodes and Miss Barbara Hollinger, of Decatur. The last couple are colored, the lady being a sister of James Hollinger, the barber.

Eugene Weinberg will open his German school in Carle's old Academy of Music, on Merchant street, on Monday evening, September 29th, at 7 o'clock. Parties wishing to join the class should apply to Mr. Weinberg, who may be found at Abel & Locke's store. s24d1w

Now is the time to beware of malaria. Verily, at this season, and especially in this kind of weather, it stalketh abroad seeking whom it may make miserable. Purge your system with blue mass and fortify it with quinine, so that you may escape to coincide and give advice to those who neglect these precautions.

New fall goods just received of the latest designs and will be made in the latest style. Look at the appearance of my coats on the street, and it will convince you of where you ought to get your clothes made, and that is at James Vesle's, the French Outter from Cork, 142 Prairie street. He does not deny his nationality. s24d 65d

The cases in the Logan county circuit court against Wm. Ferriss and Bell Hall, charged with complicity in the murder of Charles McMahon and his two hired men, at Mt. Palaski over two years ago, have been dismissed by the prosecuting attorney. John Hall, it will be remembered, was recently sent to the penitentiary for life, as being the principal in the awful affair.

Mrs. M. L. Cain and the Fielder sisters gave an entertainment at Blue Mound on Tuesday evening, for the benefit of the Madison C. P. church. Notwithstanding the inclemency of the weather, they were greeted with a good audience, who were, as usual, highly delighted. The programme was interspersed with excellent music by local talent.

The P. D. & E. will run an excursion to Lincoln on Saturday to accommodate those desiring to attend the grand democratic rally. Tickets for the round trip will only be 75 cents. The train will return to this city at ten o'clock. This will be one of the grandest rallies held in Central Illinois this campaign. Hon. Carter Harrison, Chicago's best mayor and the next governor of Illinois, will be the principal speaker.

The Good Templars and Royal Templars will give a first-class lecture course during the winter of 1884 and 1885. They have secured dates with Rev. Dr. W. H. Thomas, Prof. David Swing, Hon. Schuyler Colfax, John B. Finch, Miss Francis E. Willard, and the Donivan Tennessees Jubilee singers. Tickets for the course will only be worth \$1.50. This will make two lecture courses given in Decatur this winter. The Y. M. C. A. will give the other.

The Mason County Agricultural board held a meeting in this city yesterday, and decided to pay fifty cents on the dollar on all premiums offered at the recent fair. The receipts of

the fair were only \$2,000 and the claims against the board are \$3,200. Hopes are entertained that the financial result of the next fair will be more successful. It is very probable that the state fair will be located here then. Many persons have expressed their opinion that Decatur can secure it this time by putting forth efforts for it.

Mr. Ed. Houston has returned to Decatur, and about the first of next month will engage in the furniture business in the Harpstrite building on North Water street, opposite Shalchberger's mill. He has a fund of experience in the business and will pay more for second-hand furniture than any other dealer in the city. Ed. wants all his old patrons and many new ones to give him a call when he opens up. He promises square dealing and all goods at the lowest possible price. s24d&wtf

The Quincy Daily Journal has been considerably enlarged, and now presents about twenty columns of reading matter to its patrons each day—not slush reading matter, but good sound reading, the product of the brains of capable writers. Under the management and editorship of H. N. Wheeler, the Journal has, throughout a year, old, gained a circulation of over 3,000 copies daily, and it now stands the leading and most influential paper in Quincy, and a democratic one at that. Success to it.

Decatur cigar-makers' union No. 20, will have a public meeting at the court house in this city on Friday evening next. An address will be delivered by Mr. Hyman Phillips, of Cincinnati, on the cause, which led to the recent great lock-out in that city, and the circumstances attending it. Mr. Phillips is known to several members of the union here, as a pleasant speaker, well posted on his subject, and earnest in the principles actuating and governing the union of which he is a worthy and honored member. He is also a prominent member of the Knights of Labor, and zealous in his advocacy of its tenets.

Everybody voted Blume's display the handsomest ever at our fair. The samples, consisting in part of beautiful plush scarfs, embroidered with Arasene and Chenille, also one elegant plush scarf, with satin Applique, also satin slippers, two ties, etc. However the most noticeable feature was the great crowd of ladies, about the exhibit who were given a beautiful specimen of work done on the popular White and Domestic machines. About two hundred wall pockets, and four hundred hat, cloak, and book marks with the ladies names written on them in Chenille, Tinsel and Silk, were presented as a memento of the occasion. s21d&wtf

The members of Rescue Hose company held a meeting last evening to consider the proposition to disband and to transact other business. A number of the members seem to feel that it is useless to maintain the company any longer, as the paid fire department will soon be in active operation. Rescue company is one of the oldest in the city and is the wealthiest. It has about twelve hundred dollars in the treasury and three thousand in property. There are thirty-one members of the company and if there is a disbandment, the money will be divided. No definite conclusion was arrived at last evening and the boys therefore adjourned until this evening, when they will meet again and discuss the matter.

Resolutions of Respect.

At the regular meeting of Whitmore Grange, No. 955 of P. H. the following preamble and resolutions of respect for our deceased sister, Mrs. Catharine Coble, who departed this life on the evening of September 17, 1884, after a brief but painful illness, were adopted:

Whereas, It has pleased the Great Father of the universe in his all-wise providence to remove from amongst us our worthy sister, Mrs. Catharine Coble, wife of our worthy brother, Herman Coble, thereby leaving a vacant seat in our lodge room, and a void in the hearts of those who loved her; and

Resolved, That we bow with humble submission to the will of the Great Master, knowing that he doeth all things well

Resolved, That we recognize in the death of our sister, the loss of one of our most valued members, one who from her earliest organization until she was called from us, always contributed to the good of our order, remaining firmly attached to our principles through evil and good report.

Resolved, That the neighborhood in which she lived and the society in which she moved has suffered an irreparable loss

Resolved, That we extend to the mourning family and especially to her bereaved husband, and only daughter and child, our heartfelt sympathy in their great affliction.

Resolved, That these resolutions be spread upon the minutes of our grange and a copy forwarded to the "Grange News" and each of the Decatur papers for publication.

Held on Two Charges.

A few weeks ago it will be remembered that a Wabash freight train was wrecked at Harvel switch, and Henry Warnecke, of this city, the first engineer of the train and the first brakeman were killed. Various opinions as to the cause of the accident were entertained, but a general belief prevailed that some inhuman hand had tampered with the switch. Detectives took hold of the case and a few days later arrested John Roberts, who is said to have been discharged from the employ of the company a few days before the accident occurred. At the meeting of the grand jury this week, Roberts was held to appear in the Montgomery circuit court on two charges—one for maliciously opening a railroad switch and the other for murdering two men. The authorities are positive of his conviction, having in their possession unimpeachable evidence. The many friends of the late Engineer Warnecke, hope to see the severest punishment meted out to the villain if he is proven guilty. Two good men lost their lives through his devilish action and he should be made to suffer for it, as he most likely will.

Mr. T. A. Koresmeyer is in Monticello.

Mrs. Wm. Gabler left last evening for Chicago.

Mike McGinty came over from Bement yesterday.

Mr. V. Warner, of Clinton, was in the city yesterday.

Monthly Sociable and Festival.

The ladies of the First M. E. church will give their monthly sociable and festival on Thursday evening, September 25. Supper and oysters will be served at 5 o'clock, and during the evening. Everybody invited. Admission free. s29d1w

One of the most brilliant weddings ever known in colored society of Decatur, occurred last evening, the contracting parties being Mr. Thomas Rhodes and Mrs. Barbara Hollinger, sister of James Hollinger, the well known barber under Fleury's clothing store. The ceremony was performed at the colored Baptist church on South Cemetery street of which the bride is a member. Rev. Pope, of Chicago, officiating. The church was filled with the friends of the couple, many of them being white people. The groomsmen and bridesmaids were Mr. Ed Lee and Miss Ada Howard. The bride was attired in a handsome steel colored silk dress, profusely trimmed with lace, with natural flowers for ornaments. The groom wore a neat suit of black goods. After the ceremony had been performed a reception was tendered the couple at the residence of Mr. James Hollinger, on South Main street. It was attended by many colored people and a number of the leading society people of this city. After congratulations had been extended, the company enjoyed an elegant supper, which embraced many dainty dishes. It was prepared by Wm. Holland, head cook at the St. Nicholas, and reflected a great deal of credit on his ability in that line. Many handsome presents were bestowed on the couple by their admiring friends. They will make this city their future home and they embark upon their married life with the well wishes of all who know them.

Reception D'Art.

A cordial invitation is extended to all ladies to attend the grand exhibition of Domestic Decorative Art needle work at my office, 249 North Water street, on Friday, Saturday, Monday and Tuesday, October 3, 4, 5 and 6. This display will be the most grand and exquisite ever seen in Decatur. Draperies for doors, windows, alcoves, etc., scarfs and covers for tables and stands; tidies and pillows for chairs and sofas; screens, bannettes, panels, toilet sets, wall pockets, and a great variety of other useful and ornamental articles. The Queen of the Orient is by far the most elaborate piece of work ever made on the sewing machine. This beautiful work of art represents a Persian female figure resting within the difference of oriental grace upon a stone wall over which is growing grass and leaves. At a distance it appears as an oil painting, so perfect are the shadings, but closer inspection reveals the fact that it is embroidered in arasene, chenille and silk. This beautiful work is the production of Mrs. Nichols, who will be here during the entire time. A handsome souvenir will be given the ladies as a memento of the occasion. Remember, October 3, 4, 5 and 6. Come one and all.

Very Respectfully,
Geo. F. Blume.

The Domestic received the blue ribbon at the Illinois State Fair at Chicago, 1884. s23-1w

AT THEIR OLD TRICKS.

Bob Ford and Dick Liddell Suspected of Complicity in an Attempted Bank Robbery.

They Are Ordered to Leave the Town of Las Vegas, N. M., Under Threats of Vengeance by Vigilantes.

The Robbery Frustrated by a Timely Discovery, and One of the Thieves Killed.

Mining into a Bank.

A DISAPPOINTED GANG.

LAS VEGAS, N. M., Sept. 24.—Monday morning the cashier of the First National Bank here became convinced that robbers were tunneling from an adjoining building to the vault in the bank. Guards were immediately placed in and around the bank. Those inside observed that the masonry of the vault was gradually sinking. The robbers beneath worked on, ignorant of their danger. At one o'clock a Mexican volunteer went down into the cellar to investigate. He had taken but a few steps down the stairs when he saw some one coming up. He fired without a word and a man fell dead.

The dead robber has been recognized as James Pearson, one of the masons who built the vault. A close inspection of the tunnel was made last evening by the police, who failed to find the other robbers. The supposition is that they were outside. The officers claim to have possession of a clew, and hope to apprehend the remainder of the gang. A trip through the tunnel shows long and patient work on the part of the robbers, the tunnel being sixty feet in length, constructed on scientific principles, and containing provisions, water and a full set of mining tools. It must have been three months in construction.

Bob Ford and Dick Liddell, former members of the James gang in Missouri, have been ordered by the vigilantes to leave town on suspicion of their connection with the projected bank robbery. Pearson, the dead robber, it is thought, was employed by others who planned the scheme.

CONVENTIONS IN THREE STATES.

Delaware Democrats and Republicans in North Carolina and Texas.

DOVER, Del., Sept. 24.—There was a large attendance at the Democratic State Convention here yesterday. The platform indorses Cleveland and Hendricks and declares that their election will result in administrative reform and economy. The convention re-nominated Congressman Love as electors and a State Committee the convention adjourned.

COLUMBIA, S. C., Sept. 24.—The Republican State Convention met at the House of Representatives yesterday. W. J. Whipper, colored, of Charleston, was elected temporary Chairman. Whipper presided over the first Republican Convention held in South Carolina in 1868. The Committee on Credentials was able to make a report, the convention adjourned until today.

DALLAS, Tex., Sept. 24.—About a dozen white and fifty colored seceders from the late Republican State Convention held a conference here yesterday and resolved themselves into another convention. They adopted a platform and adjourned until today, the intention being to nominate a full State ticket.

Two Men Expire Their Crimes.

EBENSBURG, Pa., Sept. 24.—Michael Murray was hanged here at one o'clock yesterday for the murder of John Hancock, a wealthy farmer. Murray was built, witted, and imagined Hancock ridiculed him, and shot him dead on the roadside. At four o'clock this morning Murray sent for a priest and partook of the sacrament. It was to have been a double execution, but Michael Smith, the other murderer, escaped three weeks ago. One hundred and twenty-five persons witnessed the execution.

INDIANA, Pa., Sept. 24.—Joseph Sarver, aged eighteen, was hanged yesterday for the murder of his father. He mounted the scaffold firmly, and died quietly. His neck being instantly broken by the fall.

New Railroad Bonds.

NEW YORK, Sept. 24.—The Wisconsin, Minnesota & Pacific Company are about to issue a number of fifty-year six per cent extension and collateral bonds at the rate of \$20,000 per mile for construction and equipment purposes for 220 miles of the road, to be built from Minneapolis west. The Chicago, Iowa Island & Pacific Company will deposit these bonds with the United States Trust Company and issue its own bonds, dollar for dollar, but bearing five per cent interest.

Scottish Rite Masonry.

DETROIT, Mich., Sept. 24.—The Supreme Council of the Sovereign Grand Inspector General of the Thirty-third and Last Degree of the Ancient Accepted Scottish Rite for the Northern Jurisdiction of the United States of America began its session here yesterday; but the doors are closed and not much is to be learned about the proceedings. The address was delivered by the Sovereign Grand Commander, Henry L. Palmer. The session will last three days. This is the highest Masonic body in America.

Congressional Nominations.

On Tuesday candidates for Congress were chosen as follows: Henry Fine by the Republicans of the Eighth Missouri District; James E. Esterbrook by the Democrats of the Tenth Massachusetts; B. F. Seltz by the Republicans of the Nineteenth Pennsylvania; Charles B. Love by the Democrats of Delaware; E. V. Palmer by the Democrats of the First Wisconsin, and W. P. Kellogg (re-nominated) by the Republicans of the Third Louisiana.

Receivers for a Telegraph Company.

NEW YORK, Sept. 24.—The matter of receivership for the Bankers' & Merchants' Telegraph Company was again before the Supreme Court yesterday, where an amicable arrangement was made for the appointment of James G. Smith and Richard A. Newcomb as receivers of the insolvent corporation. This arrangement was submitted to the court for approval, and the court took papers in the case.

Shipped to the States.

MONTREAL, Sept. 24.—A. Dickson, insurance agent and promoter of public companies, is missing, and is believed to have gone to the States. He leaves numerous creditors whom he has victimized to a considerable extent.

THE PLUMED KNIGHTS TOUR.

Mr. Blaine's Reception in the West—A Banner that He Will Extend Trip to Indiana, Illinois and Iowa.

PHILADELPHIA, Sept. 24.—After breakfast yesterday morning Mr. Blaine received callers for three hours, after which he slipped out by a side door and took a drive in Fairmount Park. The reception at the Union League Club-house took place about four o'clock, thousands streaming through the reception room. Shortly after eight o'clock Mr. Blaine was escorted to the platform in front of the building where he reviewed the parade. The procession was headed by General Hartman, and was considerably over a mile in length.

AT 9:15, while the procession was still moving, Blaine bowed to the cheering crowds on the street and retired. In a few minutes he entered a carriage and was driven rapidly to the depot, leaving at 9:35 per special train for New York, arriving at the latter city at 11:35 p. m.

INDIANAPOLIS, Ind., Sept. 24.—General R. S. Foster, United States Marshal for this district, returned from New York yesterday morning. In that city he had an interview with Mr. Blaine, in the course of which the latter said he would extend his trip to Indiana before returning East. He is expected here about October 3. Logan is also expected.

CHICAGO, Sept. 24.—Ex-Congressman R. F. Marsh, who has just returned from New York, is authority for the statement that James G. Blaine will extend his visit from Cincinnati to Chicago, and also to Iowa.

Locomotive Fireman.

TORONTO, Sept. 24.—The eleventh annual convention of the Brotherhood of Locomotive Firemen opened here yesterday with a large attendance of delegates and friends. The chair was occupied by ex-Mayor McMurich, of Toronto. After opening with prayer, the Lieutenant-Governor read an address of welcome to the province. This was followed by address of welcome to the city by the Mayor. Grand Master Arnold then delivered the annual address, referring to the objects and progress of the brotherhood. Since 1880 there has been an increase in the membership from 1,100 to over 12,000, and in 240 lodges. The brotherhood is also in a prosperous financial condition.

A Bad State of Affairs.

LOUISVILLE, Ky., Sept. 24.—The assignee of the Newcomb-Buchanan Company, upon a cursory investigation of the firm's affairs Tuesday, resigned, finding matters very much complicated. It is stated that the company have misused funds sent by customers for the payment of the tax on whisky; that they have hypotecated receipts which did not represent the goods described, and that a \$1,000 duplicate bonded warehouse receipt has been discovered. A friend of the Buchanan believed that they have had a large white wash and are going to the effect that they have committed suicide.

Cranberries and Tobacco in Wisconsin.

MILWAUKEE, Sept. 24.—A careful canvass of the State shows that the cranberry crop this year is next thing to a failure. The usual yield is 30,000 barrels, and this year less than 6,000 barrels have been picked. Prices are now \$12 and \$13 per barrel, and promise to be much higher. Wisconsin is the second largest cranberry-growing State in the Union. The tobacco crop has been cut, and averages 32,000,000 pounds, and will yield the growers over \$2,000,000. This year 25,000 acres of tobacco was raised, and as the result shows, the crop was unusually fine. Tobacco-growing is rapidly assuming large proportions in Wisconsin.

Terrible Death of an English Legislator.

PONT MCKINNEY, W. T., Sept. 24.—The mangled and lifeless body of Gille Leigh, a member of the British Parliament, has been found at the base of a precipitous cliff in the Big Horn Mountains. Leigh was with a small English pleasure party. He left camp on the 14th inst. for a stroll, and was not heard of afterward. All an English search revealed his dead body. The remains will be shipped to England.

A High-Life Wedding.

LONG BRANCH, N. J., Sept. 24.—Miss Minnie Garrison, the eldest daughter of the late William K. Garrison, and grand-daughter of Commodore C. K. Garrison, was married today to Guston Chandon de Brailles, son of Count Paul de Brailles, of Epernay, France, at Rethel, the elegant home of the bride's mother. The ceremony was performed by Archbishop Corrigan, of New York.

Serious Fire at East Tawas, Mich.

EAST TASAW, Mich., Sept. 24.—C. D. Hale & Co.'s mill, together with a salt block, was destroyed by fire last night. This was one of the largest establishments on the shore, cutting off 93,000 feet of lumber and making 500 barrels of salt. The value of the property was \$50,000; insured for \$20,000 on the mill, stock and tools. Eighty men are thrown out of employment.

Mississippi Valley Doctors Meet.

SPRINGFIELD, Ill., Sept. 24.—The Mississippi Valley Medical Society met yesterday morning in the capital. Judge Machen welcomed the visitors on behalf of the city, and Dr. Evanson, of Chicago, presided. At the night session President Griffiths delivered the annual address, after which receptions were held at the residences of Drs. Milton, Buck and Griffiths.

Killed Between His Sleeping Parents.

PEORIA, Ill., Sept. 24.—Monday night lightning struck the house of Homer Oberholzer, a farmer living near Elmhurst, and instantly killed his child, who was asleep between his father and mother. Neither one of the child's parents was injured, and Mr. Oberholzer was not even awakened. The house was but little damaged.

Cattle Quarantine in Force.

SANTA FE, N. M., Sept. 24.—It is reported that about 75,000 head of cattle are quarantined near the Texas boundary waiting entrance into New Mexico, but as Texas fever still lingers along the border the Governor will probably keep the quarantine in force another month.

Millionaires Fail.

PROVIDENCE, R. I., Sept. 24.—Stafford & Co., who own four mills in Massachusetts and Rhode Island, called a meeting of creditors. Their liabilities are \$300,000 and their assets \$450,000.

Gold Reserve.

WASHINGTON, Sept. 24.—The gold reserve in the Treasury yesterday amounted to \$120,000,000, an increase of about \$15,000,000 during the past few weeks.

For ornamenting glass for doors and transoms. W. A. Bridges leads the van with his perfect sand blast. He shows excellent specimens of work in that line; and his rates are surprisingly low. j10w

History of the Case Which Caused the Commission of Suicide by a Wife and Murder by a Husband.

Slain by a Dying Man.

A HUSBAND'S TERRIBLE REVENGE.

GREENVILLE, Tenn., Sept. 24.—Major Edwin Henry was shot and instantly killed at about eleven o'clock yesterday morning by Captain E. T. Johnson at Haystack, Green County. Johnson left Greenville in a buggy Monday night armed with a double-barreled shot-gun, and in company with a negro. They drove twelve miles into the country and spent the remainder of the night in a stable. Learning that Henry was in a store near by Johnson rushed out, took him by surprise, and shot him twice. The first shot took effect in the body, the second in the temple, killing Henry instantly. Officers who had started in pursuit of Johnson met him returning, he having already surrendered to a local officer. Captain Johnson had been in pursuit of Major Henry several weeks, but the latter had been hiding in the mountains.

INDIANAPOLIS, Ind., Sept. 24.—Johnson held a development appointment as special examiner in the Pension Bureau, and was stationed at Greenville, Tenn. Two years ago Mrs. Johnson went to Indianapolis, their former home, ostensibly on a visit to her father, Dr. Edward Griffith. It was said that she was with whom she came in contact that she was greatly distressed over something which she guarded secretly, and she avoided her former associates as far as possible. On October 22 she arrived in Indianapolis a well-dressed old gentleman of excellent appearance and dress, who registered at the Denison House as Edwin Henry, Knoxville, Tenn. Henry paid two visits to Mrs. Johnson to see her home, but she refused to see him.
